You may start as early as the Tuesday prior to the event, as long as no other events are scheduled for that week. Decorations must be removed on the night of the event or on Monday unless previous arrangements have been made. Push pins are acceptable however no nails or staples are to be used to secure decorations. Norway Mountain will bill for any damages that result. Any Norway Mountain items that have been moved must be returned to their proper place after the event.

Are table coverings available?

Norway provides standard green table coverings for each event. You may rent table linens from Norway Mountain at an additional cost. Table skirting for the head table and cake table is provided. All tables will be set up by our staff.
